(FOR KEY SEE REVERSE)

1. During the period of June to December 1953, a total of 214,000 tons of finished material for naval equipment was sent to Russia from Prague via Baltic ports. In the first four months of 1954, 203,750 tons of the same type of material were exported.
2. As a result of this exploitation, the Vitkovice industries have not been able to meet the most urgent national needs, especially that for renovation of eight bridges, three of them bridges over the Vltava River which ought to have been replaced as long ago as July 1953.
